

## Alerts

<a href="#">SoCoAlert</a>	See the <a href="#">website</a> for alerts as well
<a href="#">Calfire alerts</a>	Enter your phone number and zip code for info about wildfires near you
<a href="#">Nixle</a>	Or text your zip code to 888777
<b>Purchase a NOAA radio</b>	Program to frequency 162.475 When properly programmed, the National Weather Service can remotely turn on these radios and send basic alerts, including for wildfire. The message may be accompanied by a warning tone, depending on the model of radio you purchase.
<b>WEA</b>	This federal system works exclusively by sending a text message to your cell phone, much like an Amber Alert. A WEA message is accompanied by a special warning tone. To activate this alert, make sure you cell phone settings are set up to accept these emergency and public safety alerts.
<b>Emergency Alert System (EAS)</b>	The system sends messages to local radio and television stations who may broadcast it. An EAS message is typically accompanied by a special warning tone. Find out what local stations are part of the EAS so you know where to go for the latest information.
<b>Hi-Lo Sirens</b>	When activated, this distinctive two-tone siren acts as a warning notice by an officer attempting to alert you of danger.

## Information and Updates During an Incident

### Websites

<b>Sonoma County Sheriff</b>	<a href="#">Nixles</a>
<b>SoCoEmergency.org</b>	<a href="#">Active alerts and warnings</a>
<b>City of Healdsburg</b>	<a href="https://www.ci.healdsburg.ca.us/CivicAlerts.aspx?CID=23">https://www.ci.healdsburg.ca.us/CivicAlerts.aspx?CID=23</a>
<b>Supervisor Gore District 4</b>	Sign up for emails: <a href="mailto:james.gore@sonoma-county.org">james.gore@sonoma-county.org</a>
<b><a href="#">Alert Wildfire Cameras</a></b>	Multiple cameras positioned throughout the north bay provide vantage points to notice fire activity. Cameras shift their orientation and are managed by the State to enable good lines of sight on the fire – choose the camera direction you want by clicking on it on the map and it will enlarge. Time lapse 15 min-1hour video of the activity to that point in time can be viewed as well.
<b><a href="#">PG&amp;E PSPS and Power status</a></b>	<a href="#">Sign up for alerts</a> , apply for <a href="#">medical baseline program</a> , check for PSPS potential and power restoration status

<b>Incident Maps</b>	<b>Info</b>
<a href="#">CalFire Incident Maps</a>	Overview of all CA incidents, can access fire specific info via map or name of the incident
